World Music. No Passport Required.

Sombati is a world music band based in Fort Worth, Texas. Our passion is bringing music from across the globe to life. We are folk musicians in the true sense - we make full use of the instruments and repertoire available to us. We play both traditional tunes and original compositions in a variety of styles including Middle Eastern, Central & Western European, Celtic, Latin, folk, cabaret, and Americana. We put on a high energy, family friendly show, and are equally comfortable on large stages or street corners.
